

INSTITUTO DE ESPAÑA

Real Academia de Ciencias Económicas y Financieras

Barcelona, April 16th 2020

His Excellency
Prof. Dobrica Milovanovic
Dean of Faculty of Engineering
University of Kragujevac
Serbia

Your Excellency:

On April 16, at the meeting of the Governing Board of this Royal Corporation, it was agreed to appoint you as a member of the Barcelona Economics Network of the Royal Academy of Economy and Financial Sciences of Spain.

On behalf of all the Excmos. Academics and on my own I am pleased to convey our most sincere congratulations.

The Barcelona Economics Network is an international network that operates as a laboratory of ideas and projects that allow us to trace paths towards the creation and management of more human economic systems.

The incorporation of such a relevant person makes the Royal Academy of Economic and Financial Sciences of Spain enriched with a new member from whom we expect important contributions.

Reiterating our congratulations and waiting to greet you personally, please accept the testimony of my highest consideration and esteem.

Jaime Gil Aluja
President
